Remarks/Arguments:

Reconsideration of the application as amended is requested.

The Examiner's remarks have been received and carefully considered. Claims 37, 38 and 55 have been canceled without prejudice, and claims 17, 21, 25, 30, 44, 45, 46, 48, 49 and 50 have been amended.

Applicants note with appreciation the Examiner's comment that claims 6, 9-14, 32-36, 39-43, 47, 51-54, and 56-57 are allowed, and that claims 17-32, 37-38, 44-46, 48-50, and 55 would be allowable if rewritten to overcome the rejections under 35 U.S.C. § 112 (second paragraph). Applicants have made those changes necessary to overcome each of the objections noted by the Examiner, such that all pending claims are believed to be in condition for immediate allowance.

Each of the drawing errors noted by the Examiner in paragraphs 1 and 2 of the Office action have been corrected.

In response to the Examiner's objection to the noted informalities in the specification, the application has been amended to correct each noted error.

The Examiner rejected claims 17-32, 37-38, 44-46, 48-50, and 55 under 35 U.S.C. § 112 (second paragraph) as being indefinite. Claims 37 and 55 have been canceled without prejudice, such that the associated rejections are deemed moot. Claims 17, 25, 30 have been

amended to provide proper antecedent basis, and are therefore believed to be in condition for allowance.

Applicants have made a concerted effort to place this application in condition for allowance. In the event the Examiner believes there are additional informalities, the courtesy of a telephone call Applicants' attorney would be appreciated.

Respectfully submitted,
